BEFORE IT GETS TOO COLD, TAKE TIME TO TRIM YOUR TREES.

Per city ordinances, property owners are responsible for maintaining the vegetation within the public right-of-way along their property. This includes trimming trees—whether in the parkstrip or behind the sidewalks—to provide 13 feet above streets and 8 feet above sidewalks. Branches protruding over the street below the 13-foot standard obstruct delivery trucks, garbage trucks and snowplows. Eight-foot clearance over sidewalks accommodates bicyclists as well as pedestrians.
